Overview

During 20-26 Jun 17, one incident of piracy was reported to the ReCAAP ISC by ReCAAP Focal Point (Thailand). The incident involved the siphoning of oil cargo from chemical/oil product tanker, *C.P.41* to the perpetrators' ship. Investigation is ongoing. Incident of such nature was last reported to the ReCAAP ISC in October 2016. The location of the incident is shown in map below; and detailed description tabulated in attachment.

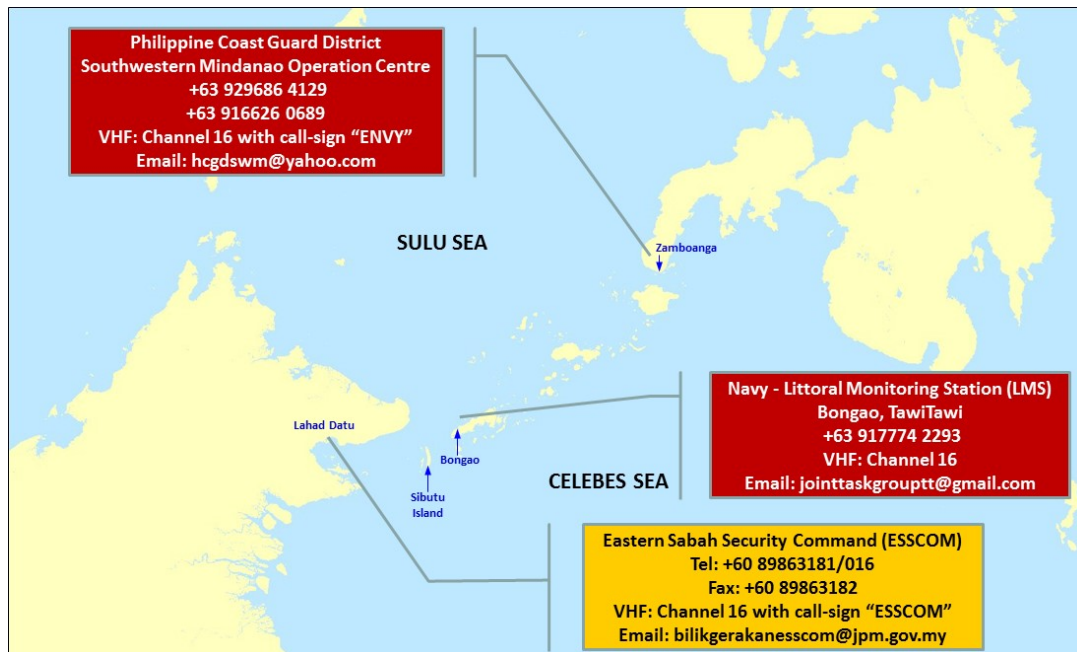

Location of incident

There was no report on actual or attempted incidents involving the abduction of crew from ships while underway in the Sulu-Celebes Sea and waters off Eastern Sabah since May 2017. Nevertheless, there is no room for complacency.

Recommendations

The ReCAAP ISC urges ship master and crew to report all incidents of piracy and armed robbery against ships to the nearest coastal State and flag State, exercise vigilance and adopt relevant preventive measures taking reference from the *Regional Guide to Counter Piracy and Armed Robbery Against Ships in Asia*.

The ReCAAP ISC reiterates its advisory issued via the *ReCAAP ISC Incident Alert* dated 21 November 2016 to all ships to re-route from the area, where possible. Otherwise, ship masters and crew are strongly urged to exercise extra vigilance while transiting the Sulu-Celebes Sea and eastern Sabah region, and report immediately to the following Centres:
