ReCAAP ISC Weekly Report 4-9 May 2022

Piracy and Armed Robbery Against Ships in Asia

OVERVIEW

During the period 4-9 May 22, no incident of piracy or armed robbery against ship in Asia was reported to the ReCAAP ISC. However, the Centre advises ships to continue to exercise enhanced vigilance; and littoral States to increase patrols and enforcement in areas of concern, including the Singapore Strait and the Sulu-Celebes Seas.

SITUATION OF ABDUCTION OF CREW IN THE SULU-CELEBES SEAS AND WATERS OFF EASTERN SABAH

There is no incident of abduction of crew reported since January 2020 up to today, and no crew is currently being held in captivity by the Abu Sayyaf Group (ASG).

On 23 Apr 21, the Philippine Armed Forces conducted a military operation against members of the ASG during which one of the ASG leaders responsible for the abduction of crew in the area of Sulu and Tawi-Tawi had managed to escape. However, the threat of the abduction of crew in the Sulu-Celebes Seas and waters off Eastern Sabah remains potentially high, particularly in the areas of Sulu and nearby waters off Tawi-Tawi as the ASG is still active and the leaders of the ASG who were responsible for the past incidents of abduction are at large.

The ReCAAP ISC reiterates its advisory issued via ReCAAP ISC Incident Alert dated 21 Nov 16 to all ships to reroute from the area, where possible. Otherwise, ship masters and crew are strongly urged to exercise extra vigilance while transiting the area, and report all incidents immediately to the Operation Centres of the Philippines and Eastern Sabah Security Command (ESSCOM) of Malaysia. The contact details of the Operation Centres of the Philippines and ESSCOM of Malaysia are as shown on next page.

The map shows the Sulu Sea to the north and the Celebes Sea to the south. Three numbered red circles indicate contact points: 1 is near Zamboanga; 2a and 2b are near Bongao; and 3 is near Lahad Datu.
