AREAS OF CONCERN

The ReCAAP ISC is concerned with the continued occurrence of incidents in the SS. With the incident, a total of 44 incidents were reported in the SS since January 2022.

The Centre advises ships to continue to exercise enhanced vigilance when transiting areas of concern, including the SS and the Sulu-Celebes Seas; and littoral States to increase patrols and enforcement in these areas.

SITUATION OF ABDUCTION OF CREW IN THE SULU-CELEBES SEAS AND WATERS OFF EASTERN SABAH

Downgrading of threat level

- The Philippine Coast Guard (PCG), after careful consideration of inputs from stakeholders and counterparts with vital involvement in securing the Sulu-Celebes Seas maritime security measure, recommends the downgrading of the threat on the 'Abduction of Crew for ransom in the Sulu-Celebes Seas' from 'POTENTIALLY HIGH' to 'MODERATE'. The MODERATE threat level implies that **'Incidents are possible to occur but are relatively less severe in nature'**.

Update of ReCAAP ISC Advisory

- As the threat of abduction of crew in the Sulu-Celebes Seas has diminished since January 2020 due to successful military operations and robust law enforcement initiatives, the ReCAAP ISC updates its Advisory to all ships to **consider re-route from the area as an option based on its prerogative**.
- For ships transiting the area, the **ship masters and crew are strongly encouraged to exercise extra vigilance and report** all incidents immediately to the Operation Centres of the Philippines and Eastern Sabah Security Command (ESSCOM) of Malaysia. The **Contact Details** of the Operation Centres of the Philippines and ESSCOM of Malaysia are as shown in Picture 1.
